TABLE OF CONTENTS

1. About Wenetting

- 1.1 Our Vision & Mission
- 1.2 Our Journey
- 1.3 Manufacturing Strength
- 1.4 Our Innovation Engine

2. Quality Assurance

- 2.1 Globally Recognized Excellence
- 2.2 Patents & Intellectual Property
- 2.3 Material Testing Standards
- 2.4 Quality Commitment Statement

3. Our Netting Application

4. Product Application

- 4.1 Sport Netting
 - 4.1.1 Sport Fence Netting
 - 4.1.2 Sport Standard Nets
- 4.2 Construction Safety Netting
 - 4.2.1 Fall Safety Netting
 - 4.2.2 Working Platform Netting
 - 4.2.3 Scaffold Debris Netting
- 4.3 Cargo Netting
 - 4.3.1 Cargo Covering Netting
 - 4.3.2 Cargo Lifting Netting

4.4 Home & Garden Netting

- 4.4.1 Balcony Safety Netting
- 4.4.2 Staircase Safety Netting
- 4.4.3 Shade Netting
- 4.4.4 Pond Cover Netting

4.5 Industry Netting

- 4.5.1 Rack Safety Netting
- 4.5.2 Bridge Safety Netting
- 4.5.3 Workshop Pit Safety Netting
- 4.5.4 Safety Nets For High-Altitude Work
- 4.5.5 Stage Construction Safety Netting

4.6 Agricultural Netting

- 4.6.1 Bird Protection Netting
- 4.6.2 Climbing Plants Netting
- 4.6.3 Aviary Netting
- 4.6.4 Hail Protection Netting

4.7 Public Space Netting

- 4.7.1 Playground Safety Netting
- 4.7.2 Walking Bridge Safety Netting

5. Customized Service

6. Recent Netting Project

7. Extra Service

1.1 OUR VISION & MISSION

 To deliver high-quality, high-performance, and innovative netting products and solutions, and to be the most trusted partner for our clients.

 To advance technical standards and automation in netting manufacturing, setting new benchmarks for the industry.

 To contribute to global infrastructure, safety, environmental protection, and sports with reliable products.

- ➔ Quality First
- ➔ Innovation Driven
- ➔ Customer Focused
- ➔ Integrity In Partnership
- ➔ Global Vision

➔ To be a world-leading netting solutions provider, recognized for excellence in craftsmanship, sustainable innovation, and outstanding service.

1.2 OUR JOURNEY

Foundation

Company established, beginning professional netting manufacturing.

1993

Innovation Leap

Achieved breakthrough in multiple production processes and obtained 8 national patent certificates.

2014

Global Leadership

Serving 1,300+ clients across 90+ countries, with monthly output exceeding 3 million + m².

Present

Global Expansion

Launched international trade operations.

2006

Capacity Growth

New 14,000m² modern production base completed.

2018

1.3 MANUFACTURING STRENGTH

Factory Layout & Scale

14,000m²

Modern Production Base

Functional Zones:

Raw Material Storage → Wire Drawing/Spinning → Weaving/Knotting → Coating/Cutting → Quality Control → Automated Warehousing

Production Capacity:

12 advanced production lines

Over 3 million m² monthly output

100% on-time delivery rate

Supports both bulk and customized orders

1.4 OUR INNOVATION ENGINE

 **R&D Philosophy:** Market-oriented and technology-driven innovation for stronger, smarter, and greener netting products.

 **Team Expertise:** Senior team including material scientists, mechanical engineers, and product designers

 **15+ Years** With an average of 15+ years of industry R&D experience, our team works in collaboration with the Polymer Materials and Engineering Lab at Shandong University.

Key Achievements:

20 patents In raw material processing, process control, production equipment optimization, packaging technology, and other related areas.

Core technologies: High-strength fiber blends, anti-aging treatment, precise mesh control, energy-saving production

Custom solutions for extreme environments and special requirements

2.3 MATERIAL TESTING STANDARDS

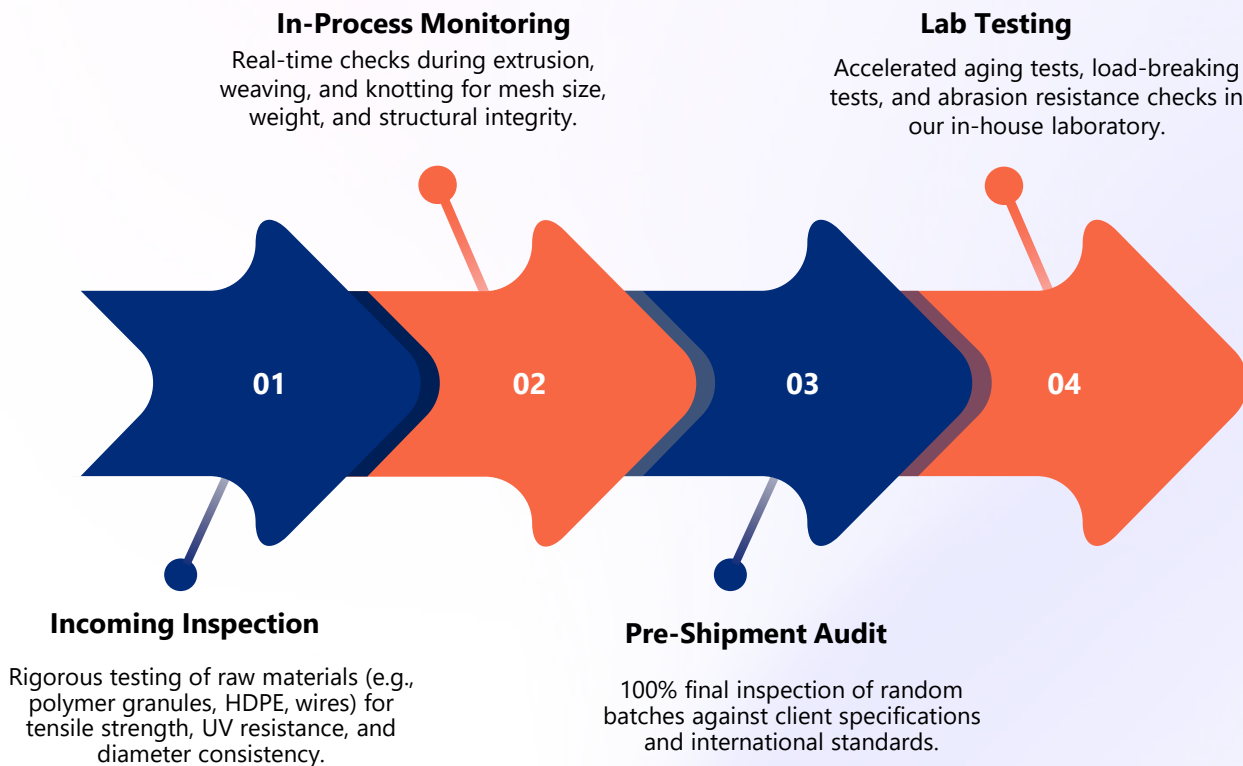

Engineered for Durability & Performance

Our materials are tested to exceed industry benchmarks:

PROPERTY	TEST STANDARD	PURPOSE
Tensile Strength	ASTM D6637 / ISO 2307	Ensures load-bearing capacity and structural safety
UV Resistance	ASTM D4355 / ISO 4892	Guarantees long-lasting performance and colorfastness outdoor
Abrasion Resistance	ASTM D4886	Demonstrates durability against wear and friction.
Mesh Stability	Customer Specifications	Maintains consistent mesh size and secure knots.

2.4 Quality Commitment Statement

From Raw Material to Finished Product: Our Quality Control End-to-End QC Workflow:

3. OUR NETTING APPLICATION

Sports & Recreation

They are suitable for practice enclosures, goal netting, ball stop netting, and protective perimeter fencing in both indoor and outdoor environments.

Construction & Safety

The net is essential for high-rise buildings, renovation sites, bridges, and scaffolding platforms to enhance worker safety and prevent falling objects.

Cargo & Logistics

Designed for cargo containment, transport safety, and storage organization, ensuring safe loading, lifting, and transportation in logistics operations.

Home & Garden

Ideal for residential protection, garden fencing, sun shading, and plant support in home and landscaping settings.

Public Spaces

We offer netting solutions for stadiums, playgrounds, event venues, and urban infrastructure, enhancing both safety and user experience in high-traffic areas.

Agriculture Industry

Agricultural netting are used in orchards, greenhouses, farms, and vineyards to protect crops, regulate sunlight, and improve yield management.

4.1.1 SPORT FENCE NETTING

Wenetting offers a comprehensive range of sports perimeter netting crafted from premium materials such as polyester, PP, and PE, tailored to meet varying performance and durability needs.

Our netting are suitable for both indoor and outdoor sports facilities and are widely used across multiple disciplines:

Large Ball Sports

For games played with larger balls, we provide netting with wider mesh sizes to ensure excellent containment while maintaining clear visibility. Applications include football (soccer), volleyball, rugby, and basketball.

Small Ball Sports

For sports with smaller balls, finer mesh sizes are essential to prevent balls from escaping and to enhance safety. We offer customized solutions for tennis, ice hockey, softball, pickleball, table tennis, badminton, and golf.

4.1 SPORT NETTING

4.1.1 SPORT FENCE NETTING

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Golf fence netting	Polyester	2.5*2.5cm	2mm	Knotless	White/Black	3-5years
	PP	2.5*2.5cm	2mm	Knotless	White/Black	2-3years
	PE	2.5*2.5cm	2mm	Knotless	White/Black	3-5years

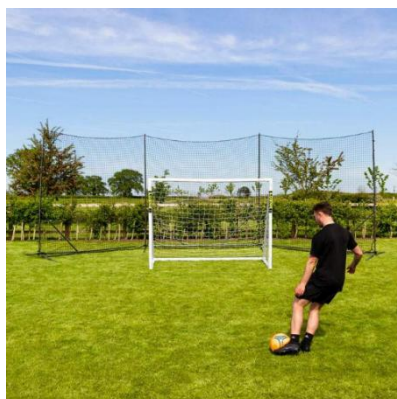

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Baseball fence netting	Polyester	4.5*4.5cm	3mm	Knotless	White/Black	3-5years
	PP	4.5*4.5cm	3mm	Knotless	White/Black	2-3years

4.1 SPORT NETTING

4.1.1 SPORT FENCE NETTING

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Basketball fence netting	Polyester	10*10cm	5mm	Knotless	White/Black	3-5years
	PP	10*10cm	4mm	Knotless	White/Black	2-3years

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
football fence netting	Polyester	10*10cm	5mm	Knotless	White/Black	3-5years
	PP	10*10cm	4mm	Knotless	White/Black	2-3years

4.1 SPORT NETTING

4.1.1 SPORT FENCE NETTING

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Tennis fence netting	Polyester	5*5cm	4mm	Knotless	Green/Black	3-5years

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Volleyball fence netting	Polyester	5*5cm	4mm	Knotless	White/Black	3-5years
		10*10cm	5mm	Knotless	White/Black	

4.1 SPORT NETTING

4.1.1 SPORT FENCE NETTING

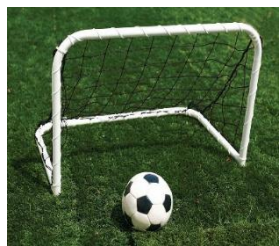

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Field hockey fence netting	Polyester	5*5cm	4mm	Knotless	Green/Black	3-5years
	PP	4.5*4.5cm	3mm 4mm	Knotless	White/Black	2-3years

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Ice hockey fence netting	Polyester	4*4cm	3mm	Knotless	White Black	3-5years
			4mm	Knotless		

4.1 SPORT NETTING

4.1.2 SPORT STANDARD NETS

Football goal net

Golf practice net

Filed hockey goal net

Baseball /Softball
batting cage

Netting	Type	Specification	Material	Price	Package
Football goal net (2pcs per bag)	5 players	3.2*2.1*1.5m	PE	USD 6/Pair	Bag
			Polyester	USD 31.5/Pair	Bag
			PP	USD 17/Pair	Bag
	7 players	5.5*2.1*2m	PE	USD 7.7/Pair	Bag
			Polyester	USD 40.2/Pair	Bag
			PP	USD 24.5/Pair	Bag
	11players	7.5*2.2*2.2m	PE	USD 11.4/Pair	Bag
			Polyester	USD 52.5/Pair	Bag

Golf practice net set	Knotless	10*7ft	Polyester	USD 29/Set	Bag
Filed hockey goal net set	Knotless	4*4ft	Polyester	USD 28/set	Bag
		6*6ft	Polyester	USD 36/Set	Bag
Baseball /Softball batting cage	Knotless	22*12*8ft	Polyester	USD 62/set	Bag
		30*12*9ft		USD 70/set	Bag

4.1 SPORT NETTING

4.1.2 SPORT STANDARD NETS

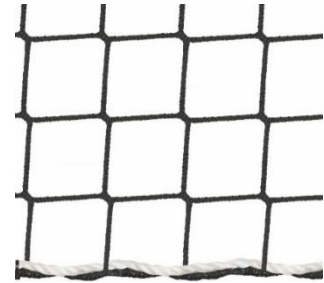

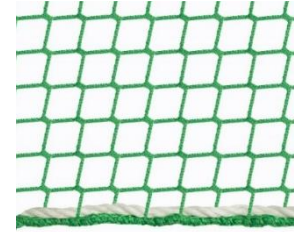

Netting	Type	Specification	Material	Price	Package
Basketball net	Knotted	45-50cm	Polyester	USD 0.5/pc	/
			PP	USD 0.4/pc	/
			Nylon rope	USD 0.45/pc	/
		50-55cm	Polyester	USD 0.97/PC	/
Volleyball net	Knotless	9.5*1m	Polyester	USD 14.5/pc	Bag
			PE	USD 5.3/pc	Bag
Tennis net	Knotted	12.8*1.08m	PE	USD 18.3/pc	Bag
		10.8*1.08m	PE	USD 14.2/pc	Bag
Badminton net	Knotless	6.1*0.76m (1.8*1.8cm)	PP	USD 2.7/pc	Bag
		6.1*0.76m (1.8*1.8cm)	Polyester	USD 7/pc	Bag
Pickleball net set	Knotless	6.7*0.94m	5 strands 1.75inch Polyester	USD 22/set	Bag
		6.7*0.94m	3 strands 1.5 inch PE	USD 19.2/set	Bag

4.2 CONSTRUCTION SAFETY NETTING

4.2.1 FALL SAFETY NETTING

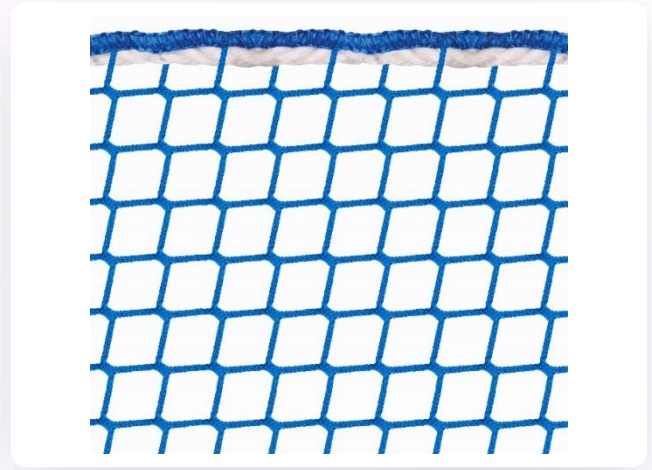

Safety netting installed below a high-level work area reduce the distance that a worker can fall. They absorb the impact of the fall and provide a 'soft landing' to reduce the likelihood of a person being injured.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Fall Safety netting	Polyester	5*5cm	4mm	Knotless	Green Black	3-5years
		10*10cm	5mm	Knotless		
	PP	5*5cm	4mm	Knotless		2-3years
		10*10cm	6mm	Knotless		

4.2.2 WORKING PLATFORM NETTING

Work platform netting provides a safe, stable work surface where the height of the work area would make scaffolds and lifts impractical, significantly saving time and money.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Work platform netting	Polyester	5*5cm	3mm	Knotless	Blue Black	3-5years
	PP	5*5cm	3mm	Knotless		2-3years

4.2.3 SCAFFOLD DEBRIS NETTING

Debris Containment Netting can fully wrap a work area to shield against wind and sun exposure. Protect personnel, pedestrians, and nearby structures from falling material.

70gsm HDPE

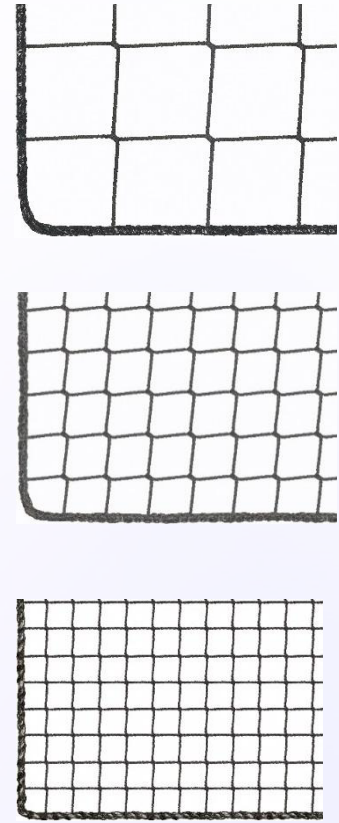

150gsm HDPE

Item	Material	Weight	Size	Net Type	Color	Service life (Outdoor)
Scaffold Debris Netting	HDPE	70gsm	2*50m	Roll	Green/Blue/Black	2-3years
		150gsm	2*50m	Roll		

4.3 CARGO NETTING

4.3.1 CARGO COVERING NETTING

Cargo netting offer excellent load-bearing capacity, abrasion resistance, and flexibility. They are available in various mesh sizes, rope diameters, and configurations to suit different cargo securing needs.

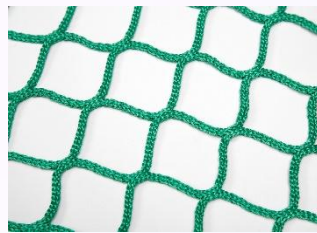

Item	Material	Mesh size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Cargo covering net	PP	3*3cm	2.5mm	Knotless Roll	White/Black	2-3years
		4.5*4.5cm	3mm			
		10*10cm	4mm			

4.3 CARGO NETTING

4.3.2 CARGO LIFTING NETTING

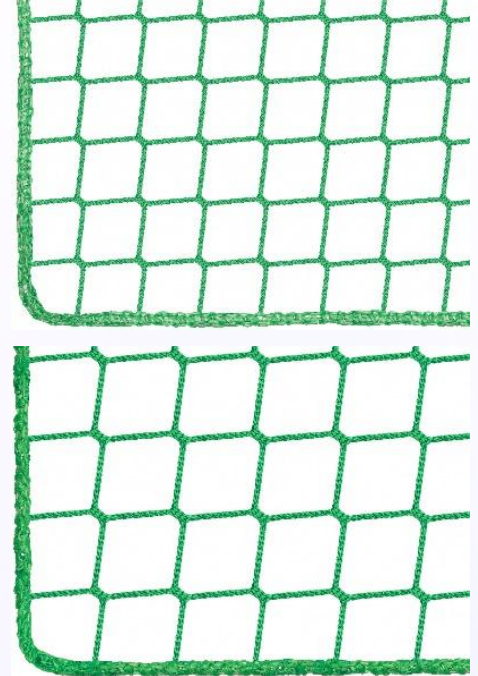

Wenetting offers a wide array of cargo lifting netting, including lifting heavy cargo in a warehouse, at a construction site, or at the docks. Our versatile range of products promises excellent performance even in the most challenging conditions.

Item	Material	Mesh size	Wire Diameter	Payload	Color	Service life (Outdoor)
Cargo lifting net	PP	6*6cm	4mm	1 ton	Green White	2-3years
		10*10cm	6mm	2 tons		
Braided belt	Polyester	10*10cm	1*1 m (4cm)	0.3 ton	Orange	1-3years
		10*10cm	1*1 m (4cm)	0.5 ton		
		10*10cm	1*1 m (4cm)	1 ton		

4.4.1 BALCONY SAFETY NETTING

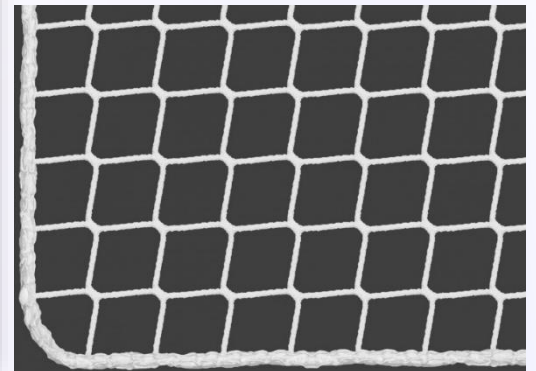

Balcony safety net is designed to prevent accidental falls and enhance safety in residential and commercial high-rise buildings. It is an ideal solution for families with young children or pets, as well as for added peace of mind in balcony, terrace, and stairwell areas.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Balcony safety net	Polyester	4.5*4.5cm	3mm	Knotless	Green Black	3-5years
		6*6cm	4mm	Knotless		
	PP	4.5*4.5cm	3mm	Knotless		2-3years
		6*6cm	4mm	Knotless		

4.4.2 STAIRCASE SAFETY NETTING

Staircase safety netting are used to prevent accidents and injuries that may occur due to falling from a height, both indoors and outdoors, and at the same time, to prevent objects from falling and causing harm to their environment and people.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Staircase safety net	Polyester	4.5*4.5cm	3mm	Knotless	White Green	3-5years
	PP	4.5*4.5cm	3mm	Knotless		2-3years

4.4.3 SHADE NETTING

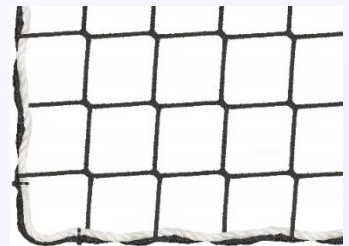

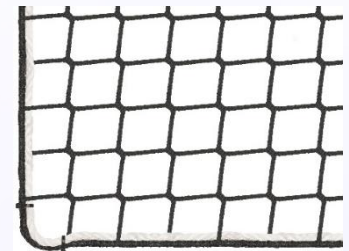

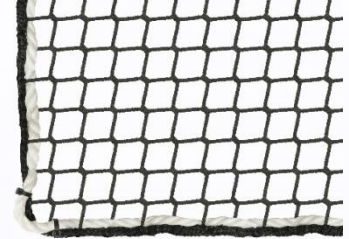

Shade netting are widely used in agriculture, horticulture, construction, and residential settings to provide protection from sunlight, reduce heat, and create controlled environments. The net is available in various shade percentages 30%–95%.

Item	Material	Weight	Size	Net Type	Color	Service life (Outdoor)
Shade net	HDPE	200gsm	4*100m	Roll	Green/Black	2-3years
		320gsm	4*100m	Roll		

4.4.4 POND COVER NETTING

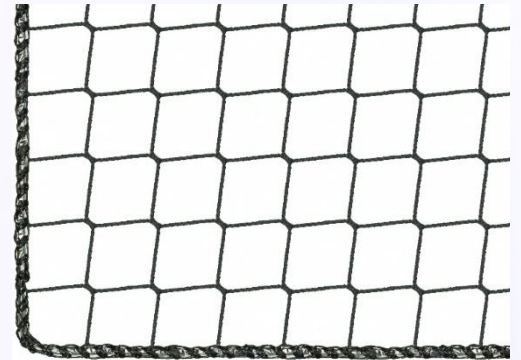

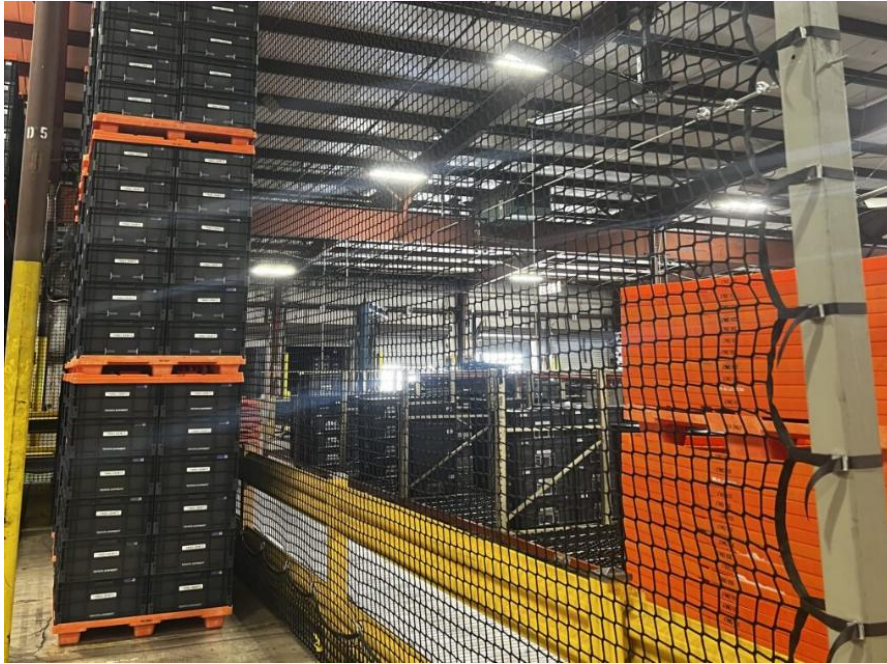

Pond netting are designed to protect water features such as garden ponds, koi ponds, and fish tanks from falling leaves, debris, and predators like birds or cats. They also help prevent fish from jumping out of the pond.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Pond cover net	Polyester	4.5*4.5cm	3mm	Knotless	Green Black	3-5years
		6*6cm	4mm			
		10*10cm	5mm			
	PP	4.5*4.5cm	3mm	Knotless		2-3years
		6*6cm	4mm			
		10*10cm	5mm			

4.5.1 RACK SAFETY NETTING

Rack Safety netting are designed to prevent items from falling off storage racks or pallet shelves, enhancing workplace safety and reducing the risk of product damage or injury.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Rack safety net	Polyester	4.5*4.5cm	3mm	Knotless	Black Green	3-5years
	PP	4.5*4.5cm	3mm	Knotless		2-3years

4.5.2 BRIDGE SAFETY NETTING

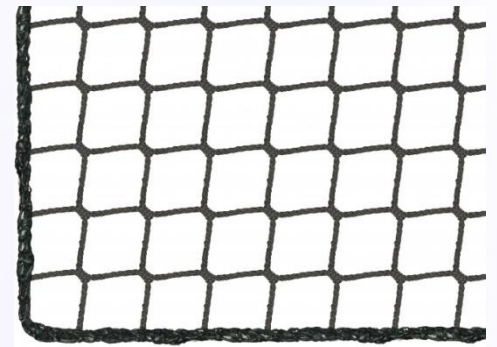

A bridge barrier net is a strong protective net installed along bridge sides to prevent vehicles, objects, or people from falling, enhancing safety for both traffic and pedestrians

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Bridge safety net	Polyester	4.5*4.5cm	5mm	Knotless	Black Green	3-5years
	PP	4.5*4.5cm	5mm	Knotless		2-3years

4.5.3 WORKSHOP PIT SAFETY NETTING

A workshop pit safety net is installed over maintenance pits to prevent accidental falls, protect workers, and enhance overall workplace safety.

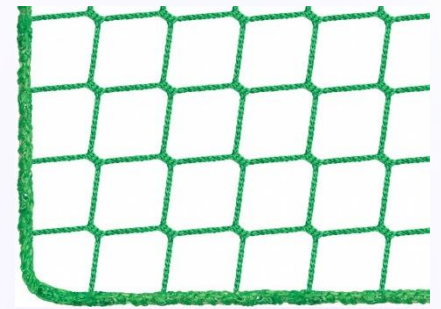

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Workshop Pit Safety Net	Polyester	5*5cm	5mm	Knotless	Black	3-5years
	PP	5*5cm	5mm	Knotless		2-3years

4.5 INDUSTRIAL NETTING

4.5.4 SAFETY NETTING FOR HIGH-ALTITUDE WORK

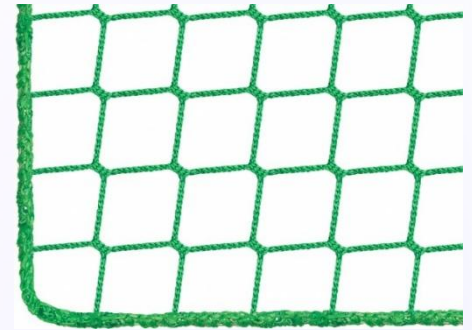

Provides fall protection for workers at elevated sites, preventing injuries by absorbing impact and ensuring workplace safety.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Height working safety net	Polyester	5*5cm	6mm	Knotless	Black Green	3-5years
	PP	5*5cm	6mm	Knotless		2-3years

4.5.5 STAGE CONSTRUCTION SAFETY NETTING

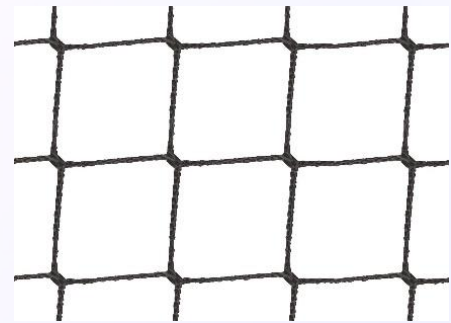

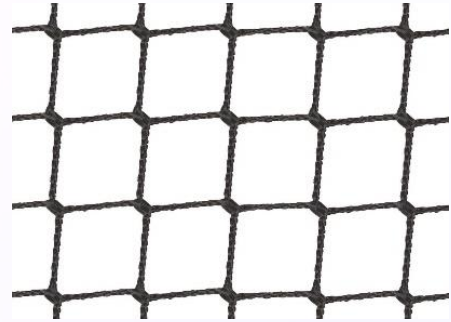

Stage Construction Safety Net is used to protect workers and equipment during stage or event setup, preventing falls and ensuring site safety.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Stage Construction Safety Net	Polyester	5*5cm	6mm	Knotless	Black Green	3-5years
	PP	5*5cm	6mm	Knotless		2-3years

4.6.1 BIRD PROTECTION NETTING

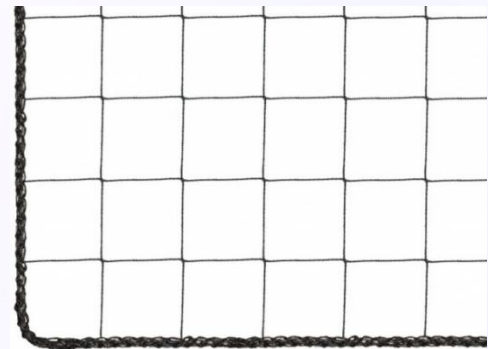

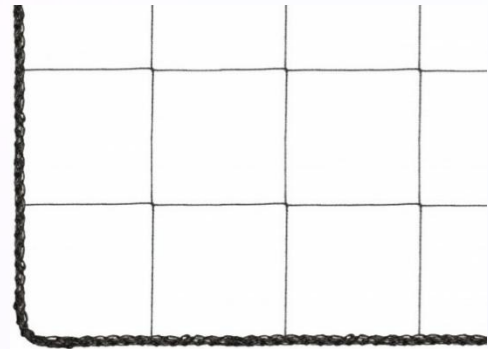

Bird netting is widely used for agricultural, commercial, and residential purposes to prevent birds from damaging crops, invading warehouses, or nesting in unwanted areas.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Bird protection netting	Polyester	2*2cm	2mm	Knotless	Green Black	3-5years
		3*3cm	2.5mm			
	PP	2*2cm	2mm	Knotless		2-3years
		3*3cm	2.5mm			

4.6.2 CLIMBING PLANTS NETTING

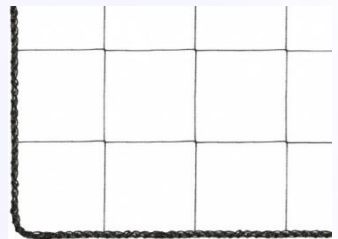

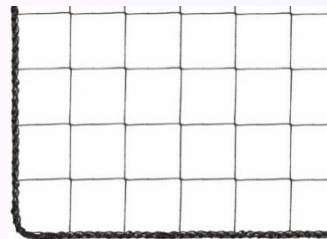

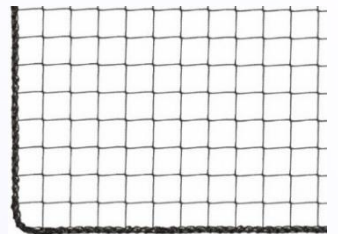

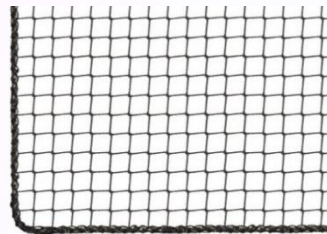

Climbing plants netting is lightweight, durable nettings used to guide and support the vertical or horizontal growth of climbing plants, vegetables, and flowers. They help maximize space, improve airflow, and increase crop yield in greenhouses and open fields.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Climbing plants net	Polyester	6*6cm	4mm	Knotless	Green Black	3-5years
		10*10cm	2mm			
	PP	6*6cm	2mm	Knotless		2-3years
		10*10cm	2mm			

4.6.3 AVIARY NETTING

Aviary netting is designed to provide a secure, durable, and breathable enclosure for birds in aviaries, zoos, breeding centers, and private bird sanctuaries. It offers protection from predators while allowing optimal airflow and visibility.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Aviary netting	Polyester	2*2cm	2mm	Knotless	Green Black	3-5years
		3*3cm	2.5mm			
		6*6cm	4mm			
		10*10cm	2mm			
	PP	2*2cm	2mm	Knotless		2-3years
		3*3cm	2.5mm			
		6*6cm	4mm			
		10*10cm	2mm			

4.6.4 HAIL PROTECTION NETTING

Hail protection netting are specially designed to safeguard crops, orchards, and greenhouses from hailstorm damage. The netting acts as a physical barrier, dissipating the energy of falling hail and preventing direct impact on plants and fruits.

70gsm

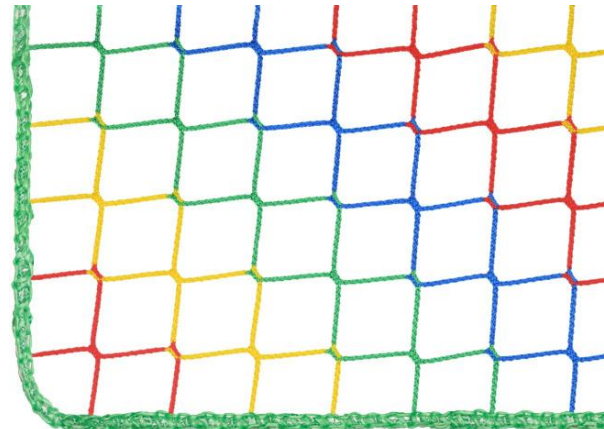

100gsm

130gsm

Item	Material	Weight	Net Type	Color	Service life (Outdoor)
Hail protection net	HDPE	80-100gsm	Roll	White Green	2-3years
		110-130gsm			
		40-70gsm			

4.7.1 PLAYGROUND SAFETY NETTING

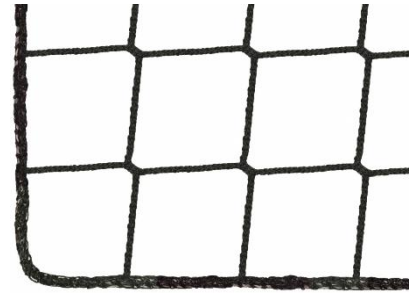

Playground safety net is designed for safety and fun, these netting encourage physical activity, coordination, and imaginative play while providing reliable fall protection.

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Playground Safety net	Polyester	4.5*4.5cm	3mm	Knotless	Colorful	3-5years
	PP	4.5*4.5cm	3mm	Knotless		2-3years

4.7.2 WALKING BRIDGE SAFETY NET

A walking bridge barrier net is a durable safety net installed on pedestrian bridges to prevent falls or objects dropping, ensuring safe passage for walkers.

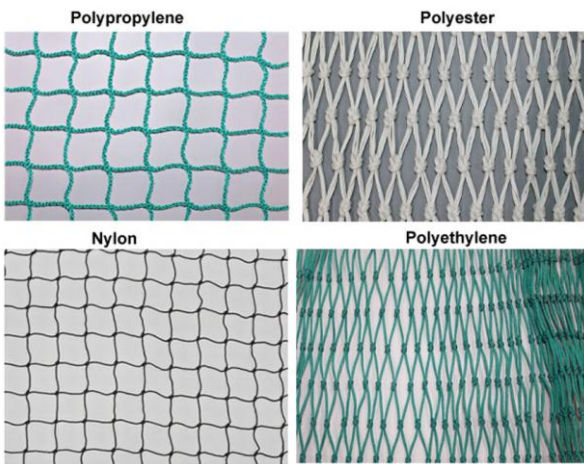

Item	Material	Mesh Size	Wire Diameter	Net Type	Color	Service life (Outdoor)
Public space protective net	Polyester	10*10cm	5mm	Knotless	Brown Black	3-5years
	PP	10*10cm	5mm	Knotless		2-3years

5. CUSTOMIZED SERVICE

We offer flexible OEM and ODM services to help bring your vision to life. Whether you need customized materials, colors, dimensions, mesh sizes, or branded packaging, our experienced team will work closely with you throughout the development process.

Material Customization

Choose from durable materials like polyester, PP, PE, and nylon.

Size Customization

Netting can be manufactured to any length, width, or shape to suit your space

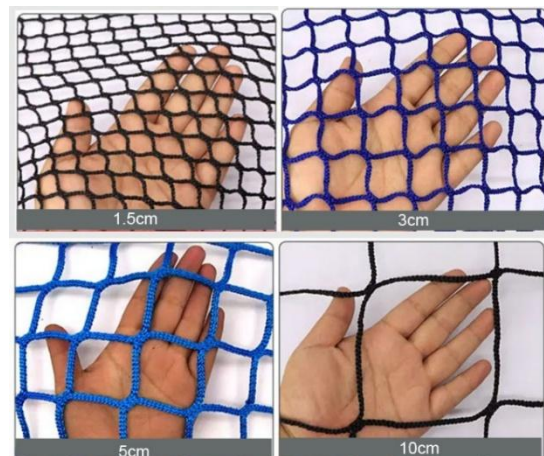

Color Customization

Standard black and green available, with custom colors like yellow, red, blue, white

Mesh Size Customization

We offer a full range of mesh sizes (from 10mm to 100mm and beyond) to match your needs.

6. RECENT PROJECTS

1. Custom Poultry Protection netting for an Australian family Farm client

Project Overview:

SunnyVale Farm, a small-scale family operation, Steve Potgieter needed a durable and safe netting solution to protect free-range chicken and duck from predators while allowing ample ventilation and sunlight. Size is 20*8m 15pcs nettings, budget is below \$2000USD

Our solution:

Based on their requirements, we provided high-strength, weather-resistant knotless polyester, with mesh size 20*20cm, and wire diameter 4.5mm to protect the small animals.

Result:

The farm saw a complete stop in predator incidents and praised the net's perfect fit, fast communication, and easy installation.

2. Custom Turbine Safety Net for Catonetting ApS, Denmark Industry: Industrial Safety / Turbine Maintenance

Project Overview:

Catonetting ApS CEO Cato Christensen requested a custom-designed safety net to prevent tools and debris from falling into sensitive areas. Polyester knotless net, yellow color, trapezoidal net: upper width 379mm, lower width 810mm; bevel 920mm. Mesh size 1.5cm, wire diameter 2mm; four sides 6mm lock edge. Price for 4000pcs, budget is below \$18000USD.

Our solution: Based on the requirements, we provide a solution with high-strength, knotless polyester, offering excellent durability and flexibility. The design also featured reinforced edges and mounting rings for secure installation on steel structures, ensuring a reliable and efficient safety solution.

6. RECENT NETTING PROJECTS

3. Custom Construction Safety netting for U.S. Client

Project Overview:

Efrain Ara, from a leading U.S. netting manufacturer, required 30,000 m² of custom construction safety netting for site protection and debris containment. The netting needed to meet strict safety standards, with a 5 mm mesh size, two rope thickness options (4 mm & 5 mm), and a total budget under \$30,000 USD.

Our Solution

We provided a fully customized netting solution using UV-treated, flame-retardant PE in safety green.

Highlights include:

- ✓ Precise 5 mm mesh for fall and debris protection
- ✓ Dual rope thicknesses to fit different installation areas

Reinforced edges for added durability

Efficient production & packaging to meet delivery and cost targets. We also supported logistics to ensure smooth delivery to the U.S.

Result

The order was delivered on time and within budget. The client was highly satisfied with our flexible customization and fast turnaround, and the project set the stage for continued cooperation.

7. Extra Service

Wenetting has collaborated with clients from over 90 countries and regions around the world. We are confident in providing our clients with satisfactory services throughout the entire process. Our key service areas include.

1. Secure Payment Protection

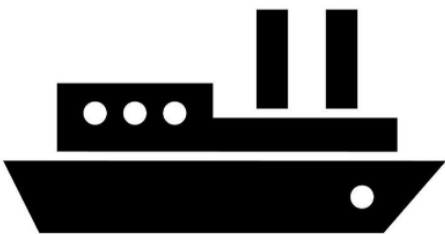

Small sample fees can be paid via PayPal to ensure safe and easy transactions. For global customers, we can offer 30-70 steps of payment, platform-guaranteed transactions, bank T/T, DP and other methods to meet the confidence concerns of first-time cooperative customers.

2. Sample & Quality Assurance

Sample services provided prior to bulk production, with comprehensive quality inspection to ensure Product consistency.

3. Logistics & Customs Support

Professional packaging, tax-included shipping options, and full customs clearance assistance to ensure smooth delivery.

4. Dedicated Account Service

One-on-one support with timely communication and fast issue resolution throughout the entire order process.

OUR CONTACT

If you need more style options or want to customize safety protection netting for your project.

Don't hesitate to get in touch with us and we will reply to you within 24 hours.
